Harman Kardon Onyx Studio 9

Premium portable Bluetooth speaker - 50 W RMS three-channel, Auracast, power bank.

SKU	BRAND	SLUG
ONYX-STUDIO-9	JBL - Harman - AKG	harman-kardon-onyx-studio-9

The Harman Kardon Onyx Studio 9 is a premium portable Bluetooth speaker with the family's signature oval design and anodised handle - a natural fit for suites, terraces, spas and event spaces.

Its enhanced audio architecture is a 50 W RMS three-channel setup: one 120 mm woofer and three 20 mm tweeters, with Auto Self-Tuning that adapts output to the room. Bluetooth 5.3 with multipoint pairing and Auracast allow multiple speakers to be linked, and the built-in battery doubles as a power bank.

Key highlights

- Signature Harman Kardon design
- 50 W RMS three-channel architecture
- One 120 mm woofer + three 20 mm tweeters
- Auto Self-Tuning room adaptation
- Bluetooth 5.3, multipoint pairing and Auracast
- Battery with power bank function
