

AUDIO JBL Authentics 200

Retro-design smart speaker - 90 W digital amplification, Wi-Fi and Bluetooth streaming.

SKU
JBL Authentic 200

BRAND
JBL - Harman - AKG

SLUG
jbl-authentics-200

The JBL Authentics 200 pairs a retro design language with a modern acoustic platform: a 90-watt digital amplifier with DSP driving dual 1" silk dome tweeters, a 5" full-range mid-woofer and a 6" passive radiator.

Built-in Wi-Fi and Bluetooth give access to music streaming services, and both Google Assistant and Amazon Alexa are supported - a premium in-room or lounge speaker for suites, lobbies and executive spaces.

Key highlights

- 90 W digital amplifier with DSP
- Dual 1" silk dome tweeters
- 5" full-range mid-woofer + 6" passive radiator
- Google Assistant and Amazon Alexa
- Music streaming via built-in Wi-Fi and Bluetooth
