The Baroque Silver bezel is a baroque-styled decorative surround engineered for the 55" Samsung The Frame (LS03 / hospitality HF03H). The same generous gallery profile executed in cool antiqued silver leaf with a faint champagne undertone. A broad, softly curved outer band steps down through a roped moulding to a delicate beaded sight edge, and the lightly burnished surface keeps the reflection matte rather than mirror-bright. It sits calmly against pale plaster and greige walls, making it the neutral choice for boutique suites and quiet lobbies.

It clips onto the factory magnetic bezel mount in under a minute with no tools, no wall works and no impact on the display warranty - so housekeeping can swap styles per suite or per season.
